

## Baseball Team Goes Into Action In Sunday Game

### Korich Lists Tentative Lineup with League At Meeting

Truckee's baseball team of the Placer-Nevada League will meet Nevada City at Nevada City in a practice game Sunday afternoon at 2:30 where the two teams will have an opportunity to find weaknesses and prepare for the opening game of the season a week from Sunday with Truckee going to Folsom for the opener.

Details preparatory to the opening were discussed at a meeting of league officials at Auburn Tuesday night where Business Manager R. N. Little, Manager Mike Korich and Coach John Rau represented the local club.

Korich submitted his roster of 18 contracts allowed by each of the ten teams. These contracts can be changed with six days notice to the league secretary, Scoop Thurman of Colfax, and no team is allowed more than three outside players. In his original contracts, Korich listed the following players.

James Metcalf, Truckee, infield; L. J. Baxter, Truckee, outfield; John D. Stevens, Sacramento, infield; K. K. Kiehlhofer, Truckee, pitcher; E. H. Althoff, Kings Beach, infield; Joe Bernard, Truckee, infield; William Connors, Tahoe, outfield; John Rau, Truckee, coach; Harvey Martin, Kings Beach, infield; Al Wakefield, Truckee, catcher; Mike Korich, Tahoe, catcher and manager; George Allison, Sacramento, pitcher; Jerry Burrelle, Hobart, infield; John O'Donnell, Kings Beach, outfield; Lloyd H. Decker, Kings Beach, outfield; William Curran, Truckee, outfield; Gilbert Williams, Kings Beach, infield; Elsworth Davies, Sacramento, pitcher.

All contracts must be filed with the secretary not later than next Monday for the games to be played the following Sunday. Umpires will be pooled and assigned each Sunday to the towns where they will preside. They are not permitted to mingle with the players before or after the games.

Other league rules provide that no one out of uniform is permitted in the dugouts or on the field and no player is allowed to smoke during games. A number of other rules were discussed and decided upon with any changes to be made at the regular official meeting of the directors and managers.

At least one team, Wolf and Royer of Roseville, will play their games at night under flood lights.

An inspection of the local field this week reveals that the snow is fast leaving and that with a week of continued mild weather the ground will be ready for playing. Coach Rau says that meanwhile the team will work out each Tuesday and Friday at 6:00 p.m. on the SP depot plaza in Truckee.

As many fans as possible are asked to accompany the team to the opening games to get the seasons off to a good start. The first home game will be on May 15 when Placerville meets Truckee here.

### Truckee Dog Drivers At Sportsmen's Show

Champion dog mushers Lloyd Van Sickle and Lewis Price of Hill Top Lodge at Truckee left here this week with their Samoyede dog teams and equipment for the Western Sportsmen's Show to be held at Gilmore Stadium in Hollywood from April 14 through April 24. The dogs are expected to make a big hit at the show.

A specially planned event scheduled will be a race each day between Van Sickle and Price.

Following the show Van Sickle's speedy team and a champion trotting horse will be matched in a race at Hollywood Park. Other contracts await the men in the south before they return home.

## Association Will Devote Efforts To Advertising

### Tahoe Booster Points Growing Competition For Tourists

Anticipating a more competitive season in the resort business than has been experienced for several years, the Lake Tahoe-Sierra Association is planning an extensive advertising campaign for 1949, according to reports received from George Kehlet, one of the most active boosters of the lake region and an officer of the association.

A huge expenditure for advertising is contemplated, Kehlet said, including \$12,000 for folders and billboards alone, as well as newspaper and magazine advertising.

The very elaborate folders, in four colors, will cost \$2500 for art work and \$4000 for printing, Kehlet said, but will be the finest and most descriptive the association has ever distributed, giving the entire area complete coverage with a thought for advertising every section of the lake and adjacent territory.

"It is going to be of vital importance," Kehlet stated, "that all the people interested in their businesses get behind this advertising campaign. It is going to be very necessary to bring Lake Tahoe to the front in the public's eye in order to meet the strong competition that is being built up in Oregon, Washington, Canada and other sections of California."

A meeting of the association will be held early this season to complete plans for the unified promotional work.

### Three Are Injured In Accidents on Saturday

Three people were injured in two automobile accidents Saturday, according to the California Highway Patrol.

Mrs. Jean Hamilton, 32, of Antioch, was treated for minor injuries when a car driven by David Hamilton, 24, went off the grade near Hirschdale at 4:00 o'clock Saturday morning. Sergeant H. B. Fowler, who investigated, cited Hamilton for speeding.

In the second accident at 2:30 o'clock Saturday afternoon, Dorthea Ayers, 31, and Louise Richards, 29, both of Hollywood, suffered injuries when a car driven by Maurice Ayers, 35, Paramount studios, was struck by one driven by Norman Lee McKinney, 35, Truckee, just east of the quarantine station.

Sergeant Fowler, who investigated this accident also, cited McKinney for passing another vehicle on a blind curve.

### Truckee, Tahoe Rotary Men Fly to Bay City

Members of the Truckee and North Tahoe Rotary Clubs were among 56 Rotarians from this area who flew to Berkeley yesterday for an inter-city visitation with the club of that area. The chartered plane returned last night following an interesting and unique trip. The local men were guests at the University of California where they viewed the huge atom crusher, enjoyed the horse races and were generally feted royally by the host club.

Attending from Truckee were T. T. Buell, Ted Johnson, Art Couillard, Bud Horak, Earl Newbern, Rollie Galloway and from North Tahoe A. E. Abbott, William Bates, Theodore Schlueter and Pascal Huega.

### Dinner, Theater Party On Girl's Birthday

Sharon Pace, who was 12 on Sunday, celebrated her birthday with a dinner party Friday night at the home of her parents Mr. and Mrs. A. Pace. Games were played before dinner and afterward the young guests attended the Donner Theater. Sharing the occasion with Sharon were Ruth Osburn, Roberta Peden, Margie and Marie Osburn, Mary Ann Tonini, Ginger and Shari Reynolds.

## Cleanup Plans Are Made By Local Firemen

### Fire Hazard Elimination Object of Campaign, Chief Declares

Chief N. F. Dolley of the Truckee Volunteer Fire Department this week announced the annual spring community cleanup campaign will begin on next Monday, April 18. The department, in cooperation with the Truckee Sanitary District, is arranging for pick-ups of all debris around the town which constitute fire hazards.

Dolley suggests that householders get rid of all rubbish accumulated in basements, attics, closets, yards and garages and put it where it can be conveniently picked up as soon as possible. During this clean-up, it also is suggested that stoves, chimneys and wiring be checked for possible fire hazards.

The chief also warns that periodic checks will be made of home incinerators to see that they comply with the law by having spark arresters and are far enough from buildings and inflammable materials for safety. The cooperation of the Forest Service has been pledged in rigid enforcement of fire laws, Dolley states.

### WARDEN WARNS OF 2 OPENINGS OF FISH SEASON

With the fishing season opening at Lake Tahoe, Donner Lake and Boca Reservoir on May 1st, Game Warden Tom Borneman is calling attention to the fact that, with the exception of these three lakes, the balance of the district will be closed until May 30th. The season throughout the district closes October 31st.

At the same time, word came from Assemblyman Francis Lindsay to the effect that AB 1489, banning bait fishing on parts of the Truckee and Feather Rivers, is believed definitely dead for this session of the legislature.

Few changes of any importance were made in the laws this year, Borneman said. The limit is still 15 trout or not more than 10 pounds and one fish.

SACRAMENTO —(W. N. S.)—By the narrow margin of one vote, the state senate Monday approved Assembly Bill 63 which would extend plenary powers granted the state fish and game commission during the war. The vote was 21 to 17.

After the bill passed, Senator Earl Desmond of Sacramento, gave notice he will move to reconsider the measure.

The bill gives the state fish and game commission the authority to set limits and fix seasons, which previously was reserved to the legislature.

Senator Harold Johnson, representing Nevada County, voted no on the bill.

### Pioneer Father of Local Man Passes in Plumas

Robert C. Gifford of Truckee Tuesday attended funeral services for his father, John Gifford, who passed away at Quincy Saturday, April 9. The elder Gifford was born at Dutch Flat June 8, 1865 but had spent over 60 years in Plumas County. Before his retirement he was prominent in mining and lumbering circles in this section of the state.

Beside the Truckee man, he leaves his widow and two daughters, Miss Edna E. Gifford of Oakland and Mrs. R. R. Owens of Bakersfield.

### Ice Plant Operating As Summer Nears

Another definite sign of the fast approach of summer was noted this week when Joe Matos of Matos Ice and Beverage turned on the power in his ice house for the first time since last fall. The self-service ice chute was put into operation for the season.

### On Vacation

Mr. and Mrs. Robert Sayre are on a vacation in Idaho.

## Sun Beams

by Walter M. Barrett

Truckee has every reason to be justly proud of its fire department. Three incipient fires during the past few days have fallen prey to the fast and efficient work of the local volunteers and the damage was hardly worth recording. The fires, however, should serve as a warning to local home owners that chimneys should be inspected and cleaned, old rubbish removed from garages and attics, electric wiring checked, and other precautions taken to prevent fire. Fortunately recent fires have been checked before they gained headway but once a flame gets out of control it might prove a difficult task even for a city department with all known appliances at hand. Your local department will render as good or better service than can be expected to a town the size of Truckee but your cooperation in preventing fires is urgently requested. Make a check today and don't overlook any measure which might prevent fire.

The Easter story is like spring. Each year it is new. Each year it brings fresh hope for a brighter, better world. The Resurrection of the Man of Galilee not only gave promise of life beyond what we now see, but is symbolizes in some degree the efforts of humanity, individually and collectively, to escape from the tomb of narrowness and fear into the light of unselfishness and brotherhood. In spite of great struggles between conflicting forces, the pattern of a better world is emerging. And it will take positive shape with greater speed as men more earnestly study and more sincerely apply the teachings of Jesus to their daily lives.

## New Book Tells Historic Story Of Local Region

### Hinkles Add Valuable Volume to Series On Lakes

Sierra Nevada Lakes, the last of the American Lakes Series, a book written by George and Bliss Hinkle of Tahoe City, is more than a record of the lakes in the Sierra—it is an interesting, educational and highly entertaining history of the local region.

With lakes from Honey Lake to Mono Lake used as a background, the authors, who have spent their entire lives in the region about which they wrote and who have made intricate and thorough study of the area, have blended a story of development, history, humor and tragedy in the volume. Not only is it of great historic value but it embodies incidents throughout the years which have become lore and a part of the region which the book embraces.

Chapters are devoted to Tahoe, its discovery and progress; to Donner with its tragedies and history; Meadow, Webber, Independence, Mono, Honey and scores of others—not histories of the lakes alone but histories of the areas in which the lakes are situated and their people. The book shows not alone a personal intimate knowledge of the region but a research which is seldom found in such works. Such towns as Downieville, Nevada City, Truckee and others are prominently mentioned.

From a standpoint of local history alone the book is valuable and from an entertainment angle it is excellent.

The Hinkles are both natives of Truckee. Mrs. Hinkle being the daughter of pioneer C. F. McClashan, who wrote the basic History of the Donner Party. Both are educators of note and their ability is reflected in Sierra Nevada Lakes. The work is edited by Milo M. Quaife and published by Bobbs-Merrill Co., Inc. It is well illustrated and contains maps and references.

## Hospital District Approved By Big Majority At Polls

### Near 10-to-1 Margin Is Seen as Indicating Bright Future

By a vote of 439 to 54, voters of the Truckee, north Lake Tahoe and Donner Summit areas Tuesday gave approval to the formation of the Tahoe Forest Hospital District, a project which had been planned for the past several years.

Placer County voters voted 172 to 32 in favor of the district. 204 votes being cast, while the Nevada County voters approved the district by a 267 to 22 margin, with a total of 289 ballots being cast.

Only two precincts were set up, one at Tahoe City for the Placer voters and one at Truckee for those in Nevada County.

The overwhelming majority given in favor of the district is a good omen for the passage of a bond issue which will probably be necessary for the construction and equipping of a modern hospital to serve the large district. R. N. Little, chairman of the planning committee which developed the program to the present point, believes.

The next step toward the ultimate goal will be the appointment of a board of five directors to handle the affairs of the district and continue with the work of providing the facilities so badly needed in this fast developing region. The directors will probably be named at the next meeting of the board of supervisors, Supervisor Henry G. Loehr, who has also been active in the district's formation, announced.

## Tahoe Letter FROM SWANEE

Tahoe, April 10, 1949

Dear Tahoeites:

There's a lot of illness going around these spring days. I've just returned from a week in Reno where I nursed a bad cold at daughter Marie's home. On Friday night I discovered Stan Martin's aunt, Mrs. May Forsythe of Reno, was in the hospital so I made a visit Marie and found her looking anything but well. I hear tonight from Mrs. Martin that she is somewhat improved. Was also sorry not to have known that my old friend Mrs. Alice Sorenson of North Tahoe was in the same hospital after having undergone a serious operation. Hope she is much improved at this writing.

Latest word on Saturday night from the bedside of Tahoe's Terry Tollefson, critically hurt in a skiing accident at Sun Valley, is hopeful. Mrs. Sterling Ralphs of Big Chief, Terry's sister, and her husband flew to Sun Valley earlier in the week. He had been unconscious for two days and was in an oxygen tent, his condition extremely serious. On Saturday night, however, Bill Bechdolt called Terry's dad and learned that it was believed the boy would pull through. He had recognized his mother and the use of oxygen had been discontinued temporarily. It is now believed that within a short time his recuperation should be assured in a normal manner.

Herman Rauh of the Tahoe Community Church last week led a large gathering of local residents in reciting special prayers for young Tollefson and his many friends around the region did likewise in the privacy of their homes. At this writing it would seem their supplications had been heard.

Speaking of accidents reminds me that Mrs. Marie Henry of Tahoe City has again required the assistance of a medic. Early this morning she was hustling about getting breakfast when she bumped the table leg with her left foot. Later it kept on hurting and swelling. X-rays revealed she had broken her big toe and a splint had to be applied.

Dr. and Mrs. George Hinkle are scheduled to arrive back at their Tahoe home tomorrow and she will resume her duties as principal of Tahoe branch of Placer high school.

Howard Carnell, son of Mr. and Mrs. Floyd Carnell, is now

enjoying a long anticipated vacation at Tahoe from the Marine base at San Diego where he is serving in the medical corps. Howard almost at once donned his skis to see if he had forgotten how to jump and found it was just as easy as it ever was. Howard was just coming into top skiing brackets when he left to join the Marines. He will be driven back to his base on Saturday, April 16, by his brother Dick and his wife. His grandfather, Charles Krueger of Beverly Hills, visited over the weekend at the Carnell home, returning south Saturday.

The latest word regarding Mrs. Lucille Cross, now at Mayo Brothers Clinic at Rochester, Minn., states she is now undergoing a series of tests in which she is passed along from one specialist to another, each making a different type of examination.

Dick Hinkle, a student at the University of California at Berkeley, enjoyed the weekend at Tahoe as the guest of his sister, Mrs. Sue Enfield.

Mr. and Mrs. Imon Mitchell of Sunnyside were notified that they had become the uncle and

aunt of a little girl, Lennie Lamont, 7 pounds 5 ounces, born to Imon's brother, Glenn, and wife at Grass Valley April 1.

Received a letter from my old friend, Mrs. Alice Bullion, who will be remembered by the older residents of the Sunnyside district where she once owned the Kehoe property on the lake-shore. Mrs. Bullion, whose health has not been too good, has recently purchased a little home in San Anselmo. Heavy floods during the winter filled her basement and ruined goods stored there but she is looking forward to a nice garden and orchard this summer. Her son, Harry, and family are now living in Texas and are well.

Mrs. Ida Simmonds observed her birthday last Friday by entertaining a number of neighbors at a social evening in her home near Tahoe City. Bringing cakes and gifts the group enjoyed refreshments followed by an evening of cards. Guests included Messrs. and Mesdames N. R. Mayfield, A. M. Henry, A. M. Anderson, Stanley Martin, C. W. Vernon and Miss Florence Vernon.

Winding up for this week and wishing you all good luck, I am as ever, Swanee.

The general assembly enjoyed moving pictures of Aloha Land: Hawaii, furnished through the courtesy of Standard Oil Company. Also shown were Dogs, Man's Best Friends and a short comedy.

Postal cards were received from Wyoming from young Walter Mandeville, son of the Walter Mandevilles of Lake Forest, who left last week to make their home in Wisconsin.

Business Trip—Mr. and Mrs. Al Graber of San Francisco were in Truckee and Kings Beach last weekend while checking on their property at Lake Tahoe.

## ONE OF TODAY'S BIGGEST BARGAINS

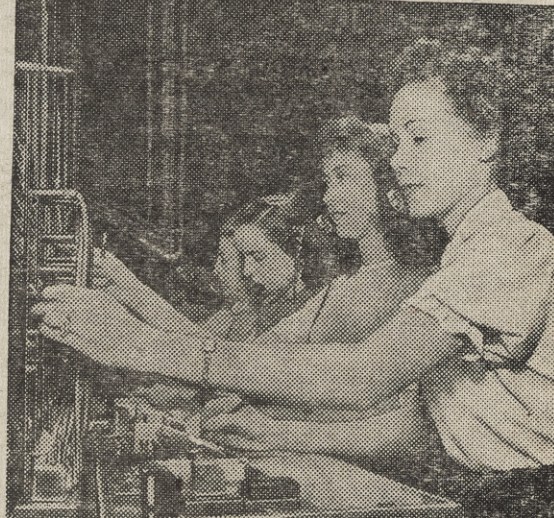

How your telephone gives you more  
real value today in spite of sharply-  
increased costs of furnishing service

1. For a quick call to the druggist, for business, for every purpose, your telephone is a more valuable servant today than ever. It can run more errands, do more jobs. In the past ten years, telephones on the Coast have doubled. We're continuing to add them rapidly. Result: You can get in touch with more people. More people can get in touch with you.

2. If you could see how much expensive equipment goes to work for you each time you make a call, you might wonder how it can be done . . . for just a few dollars a month. Lines, cables, poles, buildings, intricate equipment—all must be ready . . . along with the people who man them . . . to serve you when you pick up your telephone.

3. More "Voices with a Smile" are serving the West today . . . our payroll is the biggest ever. Postwar costs have shot up all along the line on the things we do to provide service. The facilities to serve new telephones today cost about twice as much as prewar. Yet telephone rates are up much less than almost anything we buy or you buy.

4. There is no way to determine the full value of a telephone, of course. A call may be routine—or it may save a life, make a new friend, close a business deal. Yet a few pennies still buy a telephone call. In these days of high prices, it's good to know that your telephone keeps giving you real value—it's one of today's biggest bargains.

## Why Standard helps young scientists through school

The student's lamp that lights America's future never needed to burn more brightly than today.

During this school year, we have extended our graduate fellowship program from 19 to 25 scholarships and have increased the grants from \$1,000 to \$1,250, plus tuition where it is needed. These scholarships are awarded by 14 universities to promising young scientists and engineers. We hope some of them may later work with Standard of California, but there is no obligation either in their choice of studies or career.

This is the eleventh year of these Scholarship Awards. It is our sincere hope they will help develop the well-trained men and women who can best insure continued progress for the West and the whole United States.

# AUTO ACCIDENTS

Four-fifths of all traffic is in the day-time. One fifth at night.

Yet one-half of all fatal accidents occur after sunset according to insurance company estimates.

In other words:

Night driving is 4 times as dangerous as day driving.

But, according to National Safety Council estimates, one out of three night traffic accidents can be prevented by adequate street lighting.

The excellent street lighting provided by the Utility District in Truckee, free of any cost to the taxpayers, makes Truckee streets safe for pedestrians and vehicles at any time of the night.

We were surprised recently to find a piece of torn laundry paper with an Easter seal lying on our desk. We opened it and found an invitation to an Easter Bonnet Party with the one requirement being that your bonnet had to be home made. The party was given by Madyon Walton, Margot Nordstrum and Eleanor Johansen at the Chuck Wagon.

Elsie Olsen, who won first prize, had a concoction put together of a cardboard base, covered with flowers, Easter eggs, ribbons and topped by a cellophane grass bottomed in which was a tiny white bunny, very much alive, with a blue ribbon about its neck. Margot Nordstrum adorned her fair beauty with a riat sailorish type hot over which swung another type of cage, reminiscent of a front porch lighting fixture, and in this cage was a yellow fuzzy chick which peeped all thru the party and added another Easterish touch. Lee Chapelle, Lola Schull, Liz Pierson all of Kiski and Irene Goicochea of Ski Inn had their chapeaux created by Ed Chapelle, whom we think should go into the business of hat designing. Lee's hat was an hour-glass spring bedecked with flowers set on a flat cardboard disc. Lola's collar had its holes stuffed with carrots, peas,

radishes and a spray of green onions. Liz's rakish lid had a few spring skiers sliding down its side. Irene's was a fishing basket upside down with a fisherman, complete with line and all, perched on the beak. Eleanor Johansen wore her knitting basket filled with vari-hued balls of yarn held in place by knitting needles. Betty Horak and Wanda Misener came as two snowballs, dressed enough alike to look like twins. Jerry Bonano wore a "slot machine" design. Rita Vail wore a brim and made her hair to top of the hat, complete with curlers and ribbons. Ruth Meador, a fetching deal of dishrags and pot holders; Peg Travis, a nest of Easter eggs surmounted with a candle in a large chocolate Easter egg. Gladys Doley wore a huge Mexican fiesta hat decorated with tulips and acacia. Bobby Jean Stricklin reminded us of a Gibson girl with her Easter egg trimmed bonnet. Lu Newbern had saved egg shells for some time, colored them, dipped a straw hat in glue and immersed it in the colored shells and her hat had a luminous appearance and looked good enough to eat. Mrs. Stallard wore an Easter basket; Barbara Zorich, a rakish, bizarre striped deal. Jean Coleman allowed little pipe cleaner skiers to race around her brim. Betty Aro was Spring personified, Eula Sheritt wore a huge straw hat covered with pheasant feathers entwined with ivy. Alberta Nelson wore a huge yellow stuffed chick on her becoming bonnet. Maria Schuster's and Marie Fitzpatrick's beggared description. Nadine Neugebarger's reminded us of a spring picnic with its paper spoons and forks. Betty Altman's grapefruit stuck with all day suckers suggested circus time. Madyon Walton's was a "real" hat she had purchased some time ago when the new bizarre shapes were coming into their own and everyone laughed at it so she thought she would try it out on the crowd. Fifty-two women all similarly rigged out means some one is going to be left out as far as describing is concerned. However, this is going to be an annual and we'll take a pencil and paper next time and not rely on memory.

Fifty people from the mountain, Truckee and Auburn met at the Donner Trail School on April 5 to hear a final report from the winter sports committee, formed early in February.

Stanley Walton, chairman, allotted time to each report and the meeting was snapped thru with dispatch and accuracy. Eric Johnson, who handled publicity in the Bay area, reported 8,000 column inches had been secured in northern California newspapers as a result of the two months plan; 1,607 column inches for Donner area publicity pictures. We reported that the central reservation bureau secured accommodations for over 2500 people in the area. Also we reported on the new folder and its distribution. James Horak, budget chairman, had a financial statement prepared on the blackboard which showed where money had been spent. Cam Rounage of Sitzki Club, originator of the Donner Trail Memorial Race, reported on the race which drew great publicity and is already one of the outstanding cross-country ski races in the nation. Gladys Rohl and Lauren Bryant of the Auburn chamber of commerce pledged cooperation with future activities of the area. James Gould, former secretary of the Donner Trail, reported entire satisfaction with the committee's work. There is now talk of a summer program and if it goes thru work will start on various projects immediately. It was voted to levy a certain sum on those who wish to cooperate to raise a fund for next winter's program.

Incidentally, this was the first civic meeting in the new school house. Those who had not seen the school before were taken on a tour of inspection by Mrs. O. Tiffie, teacher and hostess for the evening.

With a 100 inches of snow still on the ground and all the lodges filled for last weekend, we predict the skiing season will last beyond Easter this year. The best advertisers of our sun kissed slopes are the tans that are going down the hill. Speaking of tans, we don't believe we have ever seen John Johansen, Milton Hogle, Virg Misener, Bud Walton and Bud Zorich so dog-goned black. Announcers on the ski slopes Sunday warned skiers to use their lotions heavily for there were evidences of painful burns early in the day.

Wanda and Virg Misener celebrated their 17th wedding anniversary at a dinner given by Betty and Bud Horak at Donner Summit Lodge a few days ago. And we hear Ricky Misener will have a birthday party shortly to mark his 2nd birthday.

Ice Lakes Chalet offered their friends a cocktail party and buffet on the night of the expiration of their seasonal liquor license. That means this place will be on the dry list until July 1, opening in time to start their summer barbecues.

Soda Springs Hotel is putting out a brochure advertising the summer rides along the Emigrant Trail. There is talk of a flood lighted rink back of the hotel this summer for evening horse shows and such.

We scan the news for reports of improvement on Terry Tollefson's condition and offer our sincere sympathy to Clarence Tollefson as he goes thru this ordeal at the bedside of his son.

Last Thursday afternoon, officers of the local PTA presented their president, Mrs. Helen Van Uden, with a PTA pin. Mrs. Van Uden will attend the annual state convention in Los Angeles April 25, 26 and 27.

Following the services of the Wee Kirk of the Pines last Sunday, 85 members of the congregation joined in a pot luck dinner. A beautiful lamp was given the Eugene Risdens for their new home in Truckee in recognition of their faithful services to the church. Presentation of the gift was made by Mrs. Mosier of Verena Villa. Mrs. Judy and Mrs. Lawson were in charge of the kitchen for the day.

The church will hold Easter services Sunday morning at 10:30 at the Brockway Theater. Rev. Oscar Swenson will be the speaker and a special program is being arranged for the service.

Bill and Libby Paige have returned to their Kings Beach home after spending the winter in the south.

About 175 children attended the Easter party given by Tom Lucas at the Brockway Theater last Saturday. The kiddies enjoyed hunting for eggs hidden all over the building. A live Easter bunny, presented as first prize, was won by Donald Stark of Tahoe City. Other awards were won by Frances Howard and Karen Decker of Tahoe Vista. In the afternoon, Lucas gave a theater party for all of the children.

Mrs. Vera Wood, postmaster at Crystal Bay, and Mrs. Sara Ernest, Kings Beach teacher, made a trip to Las Vegas and back last weekend. Mrs. Wood attended a postal convention while there.

A birthday party was given last Saturday evening for Miss Pat Nyland of Sacramento, a guest in the home of the Astles at Kings Beach, with Dick Astle as host. Other guests were Beulah Frey, Coleen and Al Martin, Jim Astle, Mignon and Ray Gallup, Tex McCauley, Bob Almy, Dick Shelly and Borue O'Brien. The group met at the Gallups, went from there to the show and on dancing at The Gables. Miss Nyland returned on Sunday evening to her home in Sacramento.

FLORISTON—The first annual meeting and election of directors of the Floriston Property Owners' Association was held Tuesday evening, April 5, at the Floriston school with Byron Miller presiding and nearly all members attending or represented. Whittenberg, Bernon O'Brien, Frank Seymour, Milton Thompson and John Knapp. Also elected was Wesley Craig as fire chief. After the election, other things of community interest were discussed and the meeting closed with a vote of thanks to the outgoing board for their splendid work in this first trying year of getting started.

Mr. and Mrs. A. N. Bartel, former Floriston residents, were here over the weekend from Fallon negotiating for the sale of their property.

## Tahoe Utility District To Vote May 3rd On Three Directors

TAHOE— C. W. Vernon, chairman of the board of directors of the Tahoe Public Utility District, announces an election will be held at Tahoe Community Hall May 3rd to name three directors for the district. All three of the present officers—Norman Mayfield, E. H. Pomin and Vernon—are expected to file for reelection but anyone else may file with Vernon before April 27th. Ordinarily only two directors would be elected at this time but no election was held two years ago when one of the terms expired so three will be named on May 3rd. In charge of the voting will be Mrs. Evelyn Bliss, Mrs. Gladys Quam and Mrs. Ruth Mayfield. Voting will take place from 1 to 6 p.m.

Plans are pending for the District to take over maintenance of the Tahoe Community Center Building on Tahoe Commons and the commons itself if approval is secured from Judge Lowell Sparks, trustee of the commons for the people of Tahoe. Mayfield plans to go to Auburn soon to discuss the move with judge and to secure his consent to the proposal.

For some years, the officers of the Community Center have been unable to make needed repairs or additions on the building. Income from the rental of the post office, library and hall are just sufficient to meet operating expenses. If the Utility District takes over the property, it would be comparatively simple to hold an election and secure the approval of the townspeople to raise money for the needed expansion.

Now the entire lower floor is needed for the fast growing post office and plans call for removal of the library from adjacent to the post office to another location to allow for the post office expansion. Since a library spot elsewhere would be hard to find, the plan is to add to the building, enlarging the hall upstairs and provide for a new library.

Directors of the Community Center have already ordered 300 more lock boxes for the post office and these will take up the entire space on the lower floor. Approval from Washington of the proposed changes is being awaited by Acting Postmaster Oliver Corona.

Since there is no money available for the maintenance of the beach and picnic grounds on the commons, all work has to be donated or paid for by the Utility District, which financed clean up operations last year. If permitted to assume maintenance of the Commons, a program to beautify and improve the public beach will be inaugurated early this summer.

## Ski Club Endorses Reno Safety Resolution

TAHOE— Members of the Lake Tahoe Ski Club Friday night unanimously endorsed the Reno Ski Club's resolution calling for the National Ski Association to establish strict controls over downhill and slalom racing. The Reno club cited recent serious injuries to young skiers, including Terry Tollefson of Tahoe, in pointing out the need of greater safety.

Nominees for club treasurer were James Baker, Norman Dewhurst and Oscar Quam. Voting for the post will take place on Friday night, April 14.

President G. D. Waters presided at Friday night's session.

## Mother is Guest—

Mrs. Elizabeth Waters of Akron, Ohio, arrived Sunday on the Overland at Truckee to spend the summer with her son and daughter-in-law, Mr. and Mrs. G. D. Waters of Tahoe.
